

Tore Mallaug

Email: tore.mallaug@ntnu.no

Employment

- 1994-present: Assistant professor (universitetslektor, høskolelektor) at Norwegian University of Science and Technology NTNU and earlier at Sør-Trøndelag University College
- 1994: Research assistant at UiT- The Arctic University of Norway
- 1990-1991: Teacher at Kyrksæterøra videregående skole (high school)

Education

- 1998-2002: PhD topics in Computer Science, Norwegian University of Science and Technology NTNU
- 1991-1994: Master in Computer Science, UiT- The Arctic University of Norway
- 1987-1990: Bachelor of Engineering in Computer Science, Trondheim college of engineering (TIH)

Teaching Experience

I am teaching topics in databases and data modelling, XML and projects/system engineering. In recent years I have been involved in starting up and teaching new topics in informatics at a new bachelor's degree programme in archive and collection management. Earlier I have been involved in starting up several others bachelor's degrees in applied information technology, and one master's degree. For more than 20 years I have been teaching topics as net-based learning / e-learning, including a successful introduction course in Databases.
