Positions

2013 – 2016 Head of department Programme for Teacher Education, NTNU

2009 – 2013 Associated Professor at NTNU (first at a 20 % position between 01.01.09 - 30.06.09 and thereafter in a 100 % permanent position) where I established “NTNU Kompetanse i skolen” (“NTNU Competence in School”) which is NTNU’s response to the national strategy towards education of teachers in-service.

1999 – 2009 Associate Professor in Science (“naturfag”), Finnmark University College. At bachelor in natural resource management my teaching has been given within ecology and zoology. At the teacher training program I have taught topics in biology and ecology as well as didactics.

1995 – 1999 Fellowship, University of Tromsø. This position included participating in the supervision of four master’s students and the running of laboratory and field courses in Ecology and Zoology. I have also given lectures in Zoology and Ecology at the basic bachelor’s level.

1994 – 1995 Lecturer in science (“naturfag”) at the teacher training program for kindergarten at Tromsø University College, 66 % position.

1993 – 1994 Scientific assistant, University of Tromsø.

1982 – 1986 Teacher in primary and lower secondary school. Part of my job was to teach science, but also mathematics, arts and handicraft, history and other subjects.

Teaching

My teaching at Universities and University Colleges has been within different aspects of science. I have taught both Ecology and Zoology as well as Didactics in Science (or the Norwegian “naturfag”) within the teacher training programs. I have a breadth of experience in teaching in this field and have, for the last ten years, focused on use of ICT in order to facilitate learning activities. In 2008, I received the teaching award at Finnmark University College.

Supervision of PhD and master students

I have supervised 5 master students and 2 PhD students (Bjørn-Tore Esjeholm, and Odd Leknes).
