## Education

| Year | Faculty/department - University/institution – Country                                                                              |
|------|------------------------------------------------------------------------------------------------------------------------------------|
| 2010 | <b>Ph.D</b> in Innovation in Facilities Management – School of Construction Management and Engineering, University of Reading – UK |
| 2002 | <b>MSc.</b> in Applied Social Research Methods – Department of Social Work and Social Policy, Trinity College Dublin               |
| 2000 | <b>B.A.</b> in History and Sociology – National University of Ireland, Maynooth                                                    |

## Positions - current and previous

| Year      | Job title – Employer – Country                                                                                                      |
|-----------|-------------------------------------------------------------------------------------------------------------------------------------|
| 2020-     | <b>Professor of Facilities Management and Knowledge Transfer</b> – Norwegian University of Science and Technology (NTNU), Norway    |
| 2017-2020 | <b>Associate Professor in Facilities Management</b> , Norwegian University of Science and Technology (NTNU), Norway                 |
| 2013-2017 | <b>Postdoctoral Fellow</b> - Smart Cities, Norwegian University of Science and Technology (NTNU), Norway                            |
| 2010-2013 | <b>Postdoctoral Fellow</b> in Design Innovation Research Centre, University of Reading, UK                                          |
| 2006-2010 | <b>Phd Candidate</b> , School of Construction Management and Engineering, University of Reading – UK                                |
| 2005-2008 | <b>Knowledge Transfer Associate</b> for University of Reading and Facilities Management Department, Nationwide Building Society, UK |

### Project management experience

| Year             | Project owner - Project - Role – Funder                                                                                                                                   |
|------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 2021-2025        | NTNU – Bridging the Gap: Information management platforms across the lifecycle of buildings – <b>Project Manager</b> – Norwegian Research Council (NFR)                   |
| Dec – March 2020 | NTNU - Exploring the collaborative practices of information management systems from project handover into facilities management – <b>Project Manager</b> – Prosjekt Norge |
| 2018-2023        | NTNU - +CityxChange – <b>Task leader</b> for Innovation Playgrounds – EU Horizon 2020                                                                                     |
| 2013-2017        | Tecnalía – ZenN – nearly Zero Energy Neighborhoods – <b>Work Package Leader</b> on Non-technical drivers – EU Seventh Framework Programme (FP7/2007-2013)                 |
| 2013-2017        | Lund University - IEA/SHC Task 51 Solar Energy in Urban Planning – <b>Task Co-coordinator</b>                                                                             |

### Supervision of students

| Master's students | Ph.D. students | University/institution – Country                                                                      |
|-------------------|----------------|-------------------------------------------------------------------------------------------------------|
| 27                | 4              | Norwegian University of Science and Technology (NTNU), Institute of Architecture and Planning, Norway |
| 3                 |                | University of Reading, School of Construction Management and Engineering, UK                          |

### Other relevant professional experiences

| Year      | Description - Role                                                                                                                                                                                                                                                                                                                                                                                                               |

| 2020-     | Facilities Journal – <b>Member of the Editorial Board</b>                                                                                                                                                                                                                                                                                                                                                                        |
| 2021 -    | EuroFM – <b>Chair of Education</b>                                                                                                                                                                                                                                                                                                                                                                                               |
| 2017 -    | <b>Course Responsible</b> for Introduction to Facilities Management                                                                                                                                                                                                                                                                                                                                                              |
| 2019      | <b>3rd opponent and administrator</b> , PhD Assessment Committee for Savis Gohari. <i>"Governance in the planning and decision-making process. The co-location case of university campuses in Trondheim, Norway (2000-2013)"</i> – AD, NTNU – Norway                                                                                                                                                                             |
| 2018 -    | <b>Editor and on Editorial Board</b> of African Journal of Built Environment Research (AJOBER)                                                                                                                                                                                                                                                                                                                                   |
| 2018-2020 | <b>Guest editor</b> – Sustainability Journal<br><b>Co-guest editor</b> for two special issue in Facilities journal                                                                                                                                                                                                                                                                                                               |
| 2017 -    | Member of different interest groups both industry and academic based: <ul style="list-style-type: none"> <li>• European Network for Research on Innovation in Construction (ENRIC)</li> <li>• Norwegian Real Estate and Facility Management Network (NfN)</li> <li>• CIB – International Council for Research and Innovation in Building and Construction</li> <li>• EuroFM</li> <li>• Nettverk i Facility Management</li> </ul> |
| 2017-     | <b>Courses in university teaching and PhD supervision</b> (> 150 hours) – NTNU                                                                                                                                                                                                                                                                                                                                                   |
| 2010-     | <b>Reviewer in journals:</b> Building Research and Information, Facilities, Corporate Real Estate, Technological Forecasting and Social Change; Energy Research & Social Science;                                                                                                                                                                                                                                                |

# Track record

- The total *number* of publications during the career.

54 publications in refereed international journals, conferences, reports and books since 2004, H-index: 14 (according to Google Scholar) Total google scholar citations: 768 calculated (01.02.2022).

1. Xue, Yan; Temeljotov Salaj, Alenka and Lindkvist, Carmel Margaret (2022) "Renovating the retrofit process: People-centered business models and co-created partnerships for low-energy buildings in Norway" in *Energy Research and Social Science*, Vol. 85.
2. Lindkvist, Carmel Margaret; Temeljotov Salaj, Alenka; Collins, David; Bjørberg, Svein; Haugen, Tore (2020) "Exploring urban facilities management approaches to increase connectivity in smart cities". *Facilities*.
3. Temeljotov Salaj, Alenka and Lindkvist, Carmel Margaret (2020) "Urban Facility Management" in *Facilities* Vol. 39, No. 7-8. Pp525-537
4. Sergeeva, N. and Lindkvist, C. (2019) "Chapter 12: Narratives of innovation that address climate change agenda in the construction sector" in Havensvid, M.I., Linne, Å., Bygballe, L.E., and Harty, C. (eds) *The connectivity of innovation in the construction industry*, London: Routledge pp. 242-266
5. Bröchner, J., Haugen, T. and Lindkvist, C. (2019), "Shaping tomorrow's facilities management", *Facilities*, Vol. 37 No. 7/8, pp. 366-380. <https://doi.org/10.1108/F-10-2018-0126>
6. Lindkvist, C. Juhasz-Nagy, E., Nielsen, B.F., Neumann, H-M, Lobaccaro, G., Wyckmans, A. (2019) "Intermediaries for knowledge transfer in integrated energy planning of urban districts" in *Technological Forecasting and Social Change* Vol. 142, pp.354-364. <https://doi.org/10.1016/j.techfore.2018.07.020>
7. Whyte, J. Lindkvist, C. and Jaradat, S. (2016) "Passing the baton? Handing over digital data from the project to operations", *Engineering Project Organization Journal*, Vol. 6 Issue 1, pp.2-14, DOI: [10.1080/21573727.2015.1115396](https://doi.org/10.1080/21573727.2015.1115396)
8. Whyte, J., Stasis, A. and Lindkvist, C. (2016) "Managing change in the delivery of complex projects: Configuration management, asset information and 'big data'", *International Journal of Project Management*. Vol.34, Issue 2, pp. 339-351, <https://doi.org/10.1016/j.ijproman.2015.02.006>
9. Lindkvist, C. (2015) "Contextualizing learning approaches which shape BIM for maintenance. Special issue on 'BIM for Built Asset Management'" *Journal of the Built Environment Project and Asset Management* Vol. 5 Issue. 3, pp. 318-330. <https://doi.org/10.1108/BEPAM-03-2014-0018>
10. Skjølsvold, T. M. and Lindkvist, C. (2015) Ambivalence, designing users, and user imaginaries in the European smart grid: Insights from an interdisciplinary demonstration project. *Energy Research & Social Science* Vol. 9, pp. 43-50 <https://doi.org/10.1016/j.erss.2015.08.026>
11. Whyte, J., Lindkvist, C. and Hassan Ibrahim, N. (2013) "From projects into operations: lessons for data handover", *Proceedings of the ICE - Management, Procurement and Law*, Vol. 166 (2). pp. 86-93 DOI: [10.1680/mpal.11.00028](https://doi.org/10.1680/mpal.11.00028)
12. Lindkvist, C., and Elmualim, A. (2009) "Pervasive technologies for workspace management" in *Journal of facilities management* Vol. 7 No.2, pp. 98-110. <https://doi.org/10.1108/14725960910952497>

## Other activities:

- **Award:** EuroFM European Researcher of the Year (2018)
- **Award:** Elsevier Outstanding Paper 2020
- **Invited speaker** to facilitate 2 workshops on qualitative research methods as part of WABER Conference 2019, Ghana
- **Co-organiser** of Euro FM summer school 2019 Trondheim
- **Start-up grant** for women in Associate Professor and Professor positions 2018
- **Industry based report:** Legacy of London Olympics 2012 Whyte, J., Lindkvist, C., Jaradat, S. and Hassan Ibrahim, N. (2012)"Data handover from project delivery into operations" [Learning Legacy: lessons from the London 2012 Games construction project.](#)
